

Investment Description

The model provides an actively managed diversified portfolio with a strategic allocation of 30% in growth assets and 70% in defensive assets. The manager uses tactical asset allocation within pre-defined ranges as a key contributor to the manager's investment objective and core philosophy of minimising portfolio volatility.

Portfolio Updates

VIP entered November with lower cash reserves than we held through the first six months of 2022 having increased your exposure to long dated fixed interest and equities, which worked out well as Equity markets rallied through the month with the ASX300 up 6% and VIP's equity portfolio up 7.5%. The key stock performers were resource companies led by Sandfire +45%, RIO +24%, and BHP +22%.
