

### Investment Description

The aim of the **VIP Growth Portfolio** is to provide investors high level of capital growth over the medium to long term through exposure to a diversified portfolio of investments, with a strong emphasis on growth assets and defensive assets.

### Portfolio Updates

VIP's positioning remained defensive through November despite markets beginning to factor in an end to the hiking cycle. The threat of recession continues to weigh on our decisions and bodes poorly on the outlook for equities. Consequently we cautiously adopted a wait and see approach to investing ensuring we minimised risks while continuing to benefit from strengthening bond markets. This enabled the VIP Growth Portfolio to deliver a positive 2.74% return for the month, albeit below its benchmark's 4.77%.
